Carbon Front Mudguard

This front mudguard is an optical improvement for your BMW F800R (2015-). Made of high-quality carbon fibre which is usually used in motorsports. With EG/ABE homologation.

The mudguards were developed and tested with standard road tires. Tires with very high edges or extremely knobby tires can cause impairments. The mudguards are not suitable for off-road use.

Art-Nr.: KVO.001.R12RL.K Carbon Front Mudguard 289,90 EUR
