

## Universal Bag for Vario Case

This clever and water-repellent bag is very useful on offroad trips - it effectively prevents the tools or other heavy objects from sliding around in the case. Besides tools and other objects, you can also pack your rain outfit and food for the trip into the case.

The volume of this extremely robust toolcase can be doubled with a simple zipper and the case fits perfectly on all Vario cases.

The bag is fixed on the Vario case with a special strap. A small luggage net makes this case a multi-talented must-have.

Dimensions: L x B x H in cm: 40 X 20 X 12/24 (expanded)

The correct attachment of the belt can be seen in example images 5 and 6.

Also referred to as add-on bag.
