

Crash bar bags

These crash bar bags are made for all R1250GS! They are sold as a set (2 bags, one for the left and one for the right side). A brilliant bag for overalls, spare gloves etc. Really looks good on the new R 1200 GS LC.

The bags fit for SW-Motech fairing crash bars SBL.07.870.10000/B.

The bags are just put over the tank bracket and fixed in place with a Velcro fastener.
