

## Crash bars

Our crash bars are made of high-quality steel and are specially designed for your BMW R1200R LC & R1200RS. The crash bars are designed to be very robust and allow an equal distribution of the forces so that you and your bike are protected in the best possible way. Crash bars offer a very good protection but they can reduce the cornering angle.

BMW R1200R LC & R1200RS

Install instruction engine crash bars

Crash bar does not fit in combination with engine spoiler!

Also referred to as engine bars, highway bars.
