

Lashing loops set

These lashing loops can simply be looped around the frame tube, footrest arm or fork leg. S-hooks, for example, can then be hung in the resulting loops (S-hooks are not included in the scope of delivery). The loops are made of durable and extremely strong material, which is also gentle on the fairing and chrome parts.

- Length: approximately 40 cm
- Width: approximately 3 cm
- Load capacity: 450 daN

Art-Nr.: 011072

13,95 EUR

Lashing loops set (2 pieces)
