

Touring windshield R1300GS without ACC / radar

LOWER POSITION
WITHOUT RADAR

21840H

For long distance rides the Touring series was developed to minimize the windblast against the rider. These screens raise the windblast for several centimeters, allowing the rider to keep a more comfortable position riding the motorcycle.

685 x 526 mm

Also referred to as windscreen, windshield, shield, screen.

Only fits models without Active Cruise Control / without radar!

Fits both models with and without electric windshield adjustment.

With European street homologation.

Cannot be used in combination with handle protection 421265320001 (unless the handlebar riser 42915 is used additionally)!
