

USB adapter (C/A)

USB.CA

USB adapter: USB-C male to USB-A female

The adapter has a USB-C plug (male) and a USB-A socket (female).

Fully compatible with USB type C enabled devices. Plug and play, supports fast charging up to 6A, meets all technical standards of USB 3.0 and USB C with OTG and ensures that no data is lost during high-speed transfers. Transfer speeds of up to 5 Gbit/s are possible (the actual transfer speed depends on the device).

High-quality aluminum housing with a polished surface. Tested for bending strength, durable and reliable in daily use. Easy to carry, small and lightweight. Fits in any pocket.
